

Wash your HANDS of E. coli

Enjoy the animals, but don't get sick!

E.coli, salmonella, and other germs can be found on all types of animals, and in their environments.

These germs may not make the animals sick, but they can make people sick.

Wash your hands with soap & water as soon as possible and:

Do not let young children pet the animals or touch stalls, gates, etc.

Do not kiss the animals.

Do not eat around the animals.

Do clean your shoes, and wash your hands again when you get home.

Do contact your doctor if you become ill after your visit.
