Corn Maze Parking and Lighting

Most Protection

1. Designated, paved parking area at least 20 feet from road; separate ingress and egress with traffic flow markers; parking on the same side of the road as the corn maze; dusk to dawn lighting in parking area or no night activity.
2. Designated, fine aggregate surfaced, parking area at least 20 feet from road; separate ingress and egress with traffic flow markers; parking on the same side of the road as the corn maze; dusk to dawn lighting in parking area or no night activity.
3. No designated parking; gravel surfaced within 20 feet of road; single ingress and egress with traffic flow markers; parking on the same side of the road as the corn maze; temporary lighting within the corn maze with some nighttime activity.
4. Gravel surfaced, limited pull-off parking area on the side of the road; no traffic flow signs; pedestrians may cross road or walk near roadway; temporary lighting from parking area to corn maze check-in point for night activity.
5. Roadside or berm parking or grass surfaced parking; no traffic flow signs; pedestrians cross road or walk in roadway; no lighting from parking area to corn maze check-in point for nighttime activity.
